Dear Mr. Robert Herz:

I am writing in reference to FASB's invitation to comment on its exposure draft, "Share-Based Payment," an amendment of Statements No. 123 and 95. Please don't complicate reporting, do not add to the burdens of beleaguered businesses; and please don't take action that will result in fewer benefits for American workers. The net result of this legislation is that I as a struggling bread-winner will have less to look forward to as my company drops or reduces stock options. I work for less every year as wages have been frozen and inflation rises.

Sincerely,

James Dinsmore
