Dear Mr. Robert Herz:

I am writing in reference to FASB's invitation to comment on its exposure draft, "Share-Based Payment," an amendment of Statements No. 123 and 95. I believe this is unfair to the people who work hard and contribute to the American spirit of team work and partnership. The grants allow individuals to feel responsible and proud of their achievements in bettering their company. Without these options, many people will not get there fair contribution to the effort they put forth. Just because some arrogant, greedy people tried to manipulate the public, the innocent workers of America should not be penalized.

Sincerely,

David Edrich
