Mr. Robert H. Herz

Dear Chairman Herz:  

On behalf of The Valspar Corporation, I strongly urge the Financial Accounting Standards Board to delay the effective date of FIN 48 on Accounting for Uncertainty in Income Taxes to allow companies sufficient time to address the substantive, procedural, and documentation challenges posed by the new interpretation. Specifically, I recommend that the effective date of FIN 48 be deferred to fiscal years beginning after December 15, 2007. The challenges of implementing FIN 48 were articulated by Tax Executives Institute in a letter it sent to you on December 12, 2006.

Corporate tax department resources have been greatly pressured over the past few years with SOX 404 compliance and federal return e-filing requirements. Now we are being asked to dedicate substantial resources to implement FIN 48. A delay in the effective date will increase consistency in interpretation and allow the most efficient deployment of limited resources.

In summary, extending the deadline for implementing FIN 48 will permit companies and their independent auditors to resolve unanswered questions and thus reduce the likelihood of diversity in practice, which in part prompted the development of FIN 48 in the first instance.

Yours truly,

Julie Kerekes  
Director of Tax  
The Valspar Corporation
