**Questions and responses**

1. Do you agree with the indefinite deferral, as well as the Board’s decision to defer for investments held by nonpublic employee benefit plans, only the quantitative information about the significant unobservable inputs used in Level 3 fair value measurement of its plan sponsor’s own nonpublic entity equity securities, and not the qualitative information, required by paragraph 820-10-50-2(bbb)? Why or why not?

   Yes, a privately held company should not have to disclose this type of sensitive information that would be available to the public.
