Dear Mr. Golden:

Thank you for the opportunity to comment on FASB's Exposure Draft: Accounting for Financial Instruments and Revisions to the Accounting for Derivative Instruments and Hedging Activities.

I am writing to strongly urge FASB to not go forward with this proposal. We are a 72 million rural bank in northern Illinois. Community banks such as this bank create and hold small business and agricultural loans for which there is no active market; it would be very difficult and costly to mark them to market.

These accounting changes will increase the volatility of bank balance sheets, forcing them to face higher capital requirements or decrease lending at a time when regulators are calling for more capital and our economy needs more, not less, credit availability.

Again, we thank your for the opportunity to comment on this proposal.

Sincerely,

Kent H. Kniep 815-765-3333
