Dear Mr. Golden:

As Senior Vice President / Senior Lender of Douglas County Bank, a community banking institution in Lawrence, Kansas with \$275,000,000 in total assets, I am writing to express my opinions on specific provisions of the exposure draft.

I. COMMENTS ON FAIR VALUE

Our bank does not sell our commercial loans. Basing our balance sheet on fair values leads readers of our financial statements to assume that we will sell the loans, which is not the case.

If there are issues with a borrower's ability to repay a loan, we work through the collection process with the borrower rather than sell the loan.

The costs and resources that we will need to comply with this new requirement would be significant. This will require us to pay consultants and auditors to estimate market value.

For the reasons stated above, our bank respectfully requests that the fair value section of the exposure draft be dropped.

II. COMMENTS ON LOAN IMPAIRMENT

I recommend that any final model be tested by banks my size in order to ensure that the model is solid and workable.

It is very important that any new processes are agreed upon and well understood by regulators, auditors, and bankers prior to finalizing the rules.

Changing the way interest income is recorded to the proposed method makes the accounting more confusing and subjects otherwise firm data to the volatility that comes naturally from the provisioning process. I recommend maintaining the current method.

Thank you for considering my comments.

Sincerely,

785-865-1060
Senior Vice President / Senior Lender
Douglas County Bank
